Comprehension

C Complete the summary about different birds.

Title : Bird Families

Bird families have different ways of looking after their young .

First, ospreys help each other and work together. Second, only

female bowerbirds sit on eggs, make a nest and find food! Third,

the male cassowary looks after the eggs and chicks. Next, the blue

jay, woodpecker and kingfisher lives in groups . All the birds in

the group help everything together. Last, the cuckoo lays eggs

in other birds' nest. The other birds look after the cuckoo chicks .
