shopping cart

box

boat

bulldozer

Pulling ← 

wagon

truck

trailer

cart

D Choose one thing with wheels. Then write the sentences using the same pattern.

A shopping cart has wheels.

The wheels make it easier to push the shopping cart.

The shopping cart would be too hard to push if it did not have wheels.

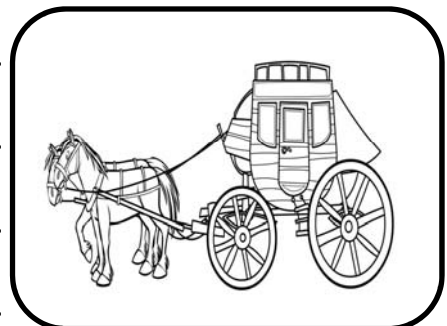

A wagon has wheels. The wheels

make it easier to pull the wagon.

The wagon would be too hard to pull

if it did not have wheels.

Answers vary.
