## Summary

Fill in the blanks with the words.

shovel	slippery	ice skating	safety
--------	----------	-------------	--------

It is winter! John wants to go 1) ice skating. First, he must help his dad get ready for winter. It is cold outside. He puts on his coat, hat, and boots. The sidewalk is slippery. John helps his dad 2) shovel the snow from the sidewalk. John helps his dad put salt on the steps. The salt melts the ice. They put winter tires on the car. The roads are 3) slippery. The tires help the car in the snow. John thinks his hard work was a waste of time. He does not think he will fall. He just wants to go ice skating. Suddenly, John falls. Now he knows that winter 4) safety is important. John says he will wear a helmet when they go ice skating. Ice skating is slippery, too!
