**D Complete the summary with the correct words.**

*Beginning*

Aladdin was a young man who lived in China. An evil magician took him to a cave and put a ring on his finger. He told Aladdin to give him a lamp from the cave, but Aladdin refused.

*Middle*

When Aladdin rubbed the ring, a genie appeared and let him out. Another genie lived in the lamp, and he helped Aladdin and his mother for years. One day, Aladdin fell in love with the sultan's daughter. His mother and the genie helped him get married to her. But the evil magician returned and tricked her into giving him the lamp. The magician brought her and their palace to his home in Africa.

*End*

Aladdin went there and found his wife. He gave her a powder to put into the magician's drink, which killed him. The genie of the lamp returned them to China. Aladdin later became the new sultan.
